

Webber welcomes action for CO₂ cuts

Let's cut City's CO₂ by 10% in 2010 - Lib Dems

Park Ward Liberal Democrat Councillors Robin Lawrence and Claire Darke have succeeded in persuading Wolverhampton Council to back the 10:10 campaign and commit the Council to cutting its carbon dioxide emissions by 10% in 2010.

Welcoming this development, Park Ward candidate Jonathan Webber said, "I am very pleased that our Lib Dem councillors have brought council members from all parties together to approve this key environmental improvement for our city."

The planned reductions in CO₂ emissions for 2010 are not just good news for the environment but will also contribute to financial savings in cash-strapped Wolverhampton. Parliamentary spokesperson Councillor Robin Lawrence said "The Labour Government has left councils across Britain in financial difficulties. Any move that can save money and improve the environment at the same time should be welcomed by everyone."

Liberal Democrats have long argued that one of the most effective ways to help bring Britain out of the current recession is to invest in green infrastructure projects and environmental improvements. Councillor Claire Darke said, "Investment in green industries and technologies, "will help create new, long-term jobs as well as improve the environment."

Jonathan Webber discussed green industries with Simon Hughes MP, Liberal Democrat Shadow Secretary of State for Energy and Climate Change ahead of the major international climate change summit at Copenhagen at the beginning of December.

Mr Hughes was delighted to hear of the Liberal Democrat action in Wolverhampton in getting the Council to take climate change and CO₂ reduction seriously.

Fly-tipping update

Following action from Jonathan Webber and Park Ward Liberal Democrats fly-tipped rubbish has been cleared away from a residents' car park in Sweetman Street. Unfortunately just days after the rubbish was cleared more had appeared. Commenting on the problem Jonathan Webber said, "This land is the responsibility of Wolverhampton Homes and it is up to them to keep the area clean. However there appears to be an on-going problem with using the area to dump rubbish illegally. Wolverhampton Homes clearly needs to take action to prevent fly-tipping here in Sweetman Street but I am also calling on residents to report any incidents of fly-tipping that they witness."

Councillor Robin Lawrence added, "The quickest way to get dumped rubbish cleared away is to contact Park Ward Liberal Democrats' fly-tipping hotline email address."

Cllr Robin Lawrence calls Wolverhampton Homes from a Sweetman Street car park to remind them yet again about dumped rubbish.

I'm backing the Lib Dems' 10:10 campaign for W'ton

I am using low energy bulbs

I turn off lights when no one is in the room

I do not leave my TV on standby when not in use ..

I will use the car less and use public transport more often or join a car pool scheme

I will turn the heating down a few degrees

I will vote Lib Dem for a greener future

Saving energy = saving money!
