Bart Ricketts on tackling the climate emergency

Bart Ricketts

Bart says "Climate change and air pollution threaten our future."

Working with the EU enables us to set high environmental standards. Global problems need global solutions. The Liberal Democrats want Britain to achieve net-zero greenhouse gas emissions by 2045, to halve emissions by 2030 compared with today and have pledged to plant 60m trees every year if elected.

We would tackle the climate emergency by generating 80% of our electricity from renewables by 2030 and insulating all low-income homes by 2025.

plant 60 million trees every year

Published and promoted by Bryan Lewis Wolverhampton on behalf of Bart Ricketts, Richard Maxwell and Ruth Coleman (Liberal Democrats), all at 3 Merridale Crescent Wolverhampton WV3 9QU. Printed by Saxoprint, Great West House, Great West Road, Brentford, London, TW8 9HU

Ruth Coleman-Taylor on our NHS and schools

Ruth Coleman-Taylor

Ruth says "EU citizens make a huge contribution to our NHS, schools and care services."

1 in 10 NHS doctors and 13,000 teachers are EU citizens. In the EU, we can retain these vital staff and protect our right to live, work, study and retire across Europe.

Our plan is to build a fairer economy by providing free childcare from 9 months and giving every adult £10,000 to spend on skills & training throughout their lives.

Richard Maxwell on a more prosperous Britain

Richard says "By staying at the heart of a modernised EU, we can improve people's lives in every part of Britain."

Stop Brexit and invest the £50 billion Remain Bonus in public services and tackling inequality. A Lib Dem

government will build an economy that works for everyone. We will press for business rate reform and ensure that the right infrastructure is in place for business to grow.

Richard Maxwell

FOR Vote Liberal Democrat-to stop Brexit A BRIGHTER FUTURE:

BREXIT: make it stop!

The Lib Dems believe that remaining in the EU is vital for peace, freedom and prosperity. We will never stop fighting for Britain's place in Europe. Boris Johnson's 'deal' only covers withdrawal, it will not end arguments over tariffs, or access for Trump's USA to NHS contracts. Labour are split. If Jo Swinson wins a majority we will cancel Brexit, if not we will press for a referendum.

Practical & GREEN

The Lib Dems want drastic climate action. CO2 emissions must fall to net zero by 2045. Renewables should generate 80% of electricity by 2030. Low income homes should all be insulated by 2025.

A fairer Britain

Britain has become a divided, unfair society. We need MPs who will fight to end decades of unfair funding for schools, NHS and public services in our region. Jo Swinson and the Lib Dems want an economy that works for all, not just the rich. We'll recruit 20,000 teachers as part of an extra £10bn a

year for schools. We want free childcare from 9 months and £10,000 for every adult to spend on skills and training.

"The Liberal Democrats exist to create a **fair, free and OPEN society**, where no-one is enslaved by poverty, ignorance or conformity."
