Liberal Democrats

**STOP BREXIT. BUILD A BRIGHTER FUTURE**

# FOR Vote Liberal Democrat A BRIGHTER FUTURE:

## BREXIT: make it stop!

The Lib Dems believe that remaining in the EU is vital - for peace, freedom and prosperity. We will never stop fighting for Britain's place in Europe. Boris Johnson's 'deal' only covers withdrawal, it will not end arguments over tariffs, or access for Trump's USA to NHS contracts. Labour are split. If Jo Swinson wins a majority we will cancel Brexit, if not we will press for a referendum.

## Practical & GREEN

The Lib Dems want drastic climate action. CO2 emissions must fall to net zero by 2045. Renewables should generate 80% of electricity by 2030. Low income homes should all be insulated by 2025.

## A fairer Britain

Britain has become a divided, unfair society. We need an MP who will fight to end decades of unfair funding for schools, NHS and public services in our region. Jo Swinson and the Lib Dems want an economy that works for all, not just the rich. We'll recruit 20,000 teachers as part

of an extra £10bn a year for schools. We want free childcare from 9 months and £10,000 for every adult to spend on skills and training.

"The Liberal Democrats exist to create a **fair, free and OPEN society**, where no-one is enslaved by poverty, ignorance or conformity."
